Programme Project Report

B.Sc. Life Sciences (BZC)

the students in their native language -Urdu and brings the students into main stream of education specially those who are from financially disadvantaged backgrounds. To achieve the goal education is provided in Urdu so that the students can easily imbibe the concepts. Providing opportunity to obtain knowledge in basic Science through distance mode of education is definitely a path breaking step in this regard specially to female students. Life Science as a subject is not only a subject of Interest to the students but also lets them know their environment and biodiversity. It also helps them to understand their physiology and basic concepts of heredity and evolution and makes them aware about etymology of different diseases and disorders.

Zoology is a subject which is directly related to the life of humans and the environment. Apart from this as a subject it opens the doors for higher education and research and also has great job opportunities at all the level of education both in public and private sectors.

Similarly Botany is directly related to the biodiversity of plants and the agriculture. Study of plants physiology and their economic importance is important and relevant for agricultural country like India.

Chemistry is one of the most important of basic Sciences, which enables the students to know about the matter surrounding us and the environmental pollution caused through different sources. The subject opens doors for higher education and research in diverse fields like industrial chemistry, medicinal oxides pharmacy industries and research organizations etc. Chemistry is also important for better understanding the metabolic processes occurring in the processes of the processes occurring in the processes. Therefore, B.Sc. Life Sciences with subject combination of Zoology. Botany and Chemistry is not only important for educating the students but also important for human welfare.

(ii) Objectives of the programme, nature of prospective larget group of learners, and Oppropriateness of Open and Distance Learning mode for acquiring specific competencies of skales; The objective of the subjects is to make students aware

Maulana Azad National Hyderabed-500 632 p. Role of inorganic compounds in different industries like cament, glass questions of Street Rowledge of Green chemistry and pollution control many
- (iii) Instructional design: The B.Sc. (BZC) Programme is of three year duration annual programme offering the three subjects; Zoology, Botany and Chemistry as compulsory papers. In the first and second year one paper from each subject is offered. In the third year two papers from each subject are provided with full course material. The present bachelor programme is annual based programme. In the First and Second year, the students are required to study a compulsory English language paper. They also have to opt one language paper from Urdu, Hindi and Arabic. One more paper, Environmental Studies, is compulsory to pass in the First Year, but its marks will not be added in the total. The SLM in print form is available with the Directorate of Distance Education. Some audio-visual Jessons are also available.

The counselling classes will be conducted at Learner Support Centres through academic counsellors as per University rules and regulations.

The counselling classes will be conducted at the Learner Support Centres through casemic counsellors as per University rules and regulations.

pacedure for admissions: As with other undergraduate programms of the Directorate of Distance Education of MANUU, admission is conducted ones a year.

AGENDA

FOR

THE 28th MEETING (Emergent) OF ACADEMIC COUNCIL

Date: 23rd October, 2017

Time: 4:00 P.M.

Venue: Conference Hall - 1st Floor, Administrative Building

Item # 28.4.03

Note (-3-)

Sub: Approval of Program Project Report (PPR) and its implementation - Reg.

As part of the UGC(ODL) Regulations, 2017, every Higher Educational Institution shall prepare a Program Project Report for each program. The Program Project Report shall be approved by the appropriate authority of the Higher Educational Institutions, which shall put in place a monitoring mechanism to ensure its proper implementation.

The Program Project Report (PPR) of a Higher Educational Institution is a document prepared to introduce a new program, which includes details of –(a) program objectives, and outcomes, (b) nature of target group of learners, (c) appropriateness of the program with quality assurance for acquiring specific skills, (d) admission, delivery and evaluation norms.

The Program Project Report (PPR) is a self-disclosure by the Institution about launching the program in the Open and Distance Learning mode. The Institution has to define specific aims and objectives for each of the academic programs, which will give the direction to launch a program and will allow to focus on results. At the end, these aims and objectives will help to demonstrate what has been achieved. The program shall be planned with clear deliverables and knowledge experiences to be gained.

Accordingly, the MANUU - DDE proposes for approval of Program Project Reports of all the existing and proposed programs incorporating the mandated requirements to comply as per the new UGC (ODL) Regulations, 2017 as also its effective implementation.

MATTER FOR CONSIDERATION

The matter is placed before the Academic Council for consideration and approval.
