

## **LIBRARY ACTIVITIES**

Library plays a pivotal role in teaching-learning activities. It is not only a great source of knowledge but it supplements and complements the academic activities also. It is an integral part of instructional program. Library has a role to instill in students the qualities and characteristics necessary for self-learning, self-directed learning and life-long learning leading to the creation of a learning society which learns how to learn.

### **Proposed Activities:**

1. Celebration of book week, book exhibition, display of new arrivals.
2. Career guidance programme.
3. Maintaining the records of Alumni of the school.
4. Instituting best reader awards (Monthly)
5. Weekly book review by the best reader of the week on every Monday morning assembly.
6. Book review by teachers on first Monday of every month on Rotation.
7. Holding a general Reading Day on to inculcate reading habit among students. (All the students & staff will invariably read a book on their choice during academic hour).
