CIRCULAR

Sub: Request to offer proposals for writing knowledge books in Urdu.. Reg.

As the MANUU fraternity is aware that keeping in view the scarcity of Urdu books especially in the area of teaching and learning at higher level, the Directorate of Translation & Publications (DTP) was established by the University. DTP has so far published 48 books and many more books are in the pipeline. For this, the Directorate is immensely thankful to the MANUU faculties, as without their support, it couldn't have been possible. The teachers of Education and Training also deserve special gratitude for contributing in the preparation of 34 Books of B.Ed (DDE) alone. However, it's just a beginning and the bigger challenge is ahead i.e., to continue and expedite the momentum which needs the attention of the teaching community of the University.

Therefore, the cooperation is solicited from the faculty members in preparation knowledge books in their respective field of studies in Urdu language. It is requested that the faculties may please select the topic/s of their expertise and choice and send their proposals to the DTP.

It is also requested to recommend the names of other experts who might contribute in writing books. The names of good translators may also be communicated as the DTP now updates its existing panel of subject wise translators. The Directorate may be contacted for any related information, if needed.

An early initiative in this regard will be highly appreciated.

Zafar
