

## School of Technology ( Dept. of CS & IT )

### Fashion Design Students Semester Presentation Event

### Celebrating Creativity and Innovation in Fashion Design

#### Event Title:

“A Semester Presentation Showcase-2025”

#### Chief Guests:-

1. **Prof. Abdul Wahid**  
(Dean, School of Technology)
2. **Samana Hussaini**  
(Prof. of Practice)
3. **Prof. Pradeep Kumar**  
(HOD, CS&IT Department)
4. **Zubin Vakil**  
(Fashion Designer)

#### Event Overview:

The *Fashion Forward: A Semester Showcase* serves as a platform for fashion design students to present their creative journeys, achievements, and completed collections over the semester. This event aims to celebrate the students' hard work and dedication, offering them an opportunity to display their skills and share their design processes with faculty, peers, industry professionals, and the wider community.

#### Event Details:

- **Date:** 13<sup>th</sup> march 2025
- **Time:** 12.00PM
- **Location:** Seminar Hall, Department of CS&IT, MANUU

# Program Outline:

## 1. Welcome Reception:

Guests are invited to register upon arrival, enjoy light refreshments, and network. This time allows attendees to view the student design displays and interact with the designers.

## 2. Opening Remarks:

**Speaker: Samana Hussaini, Founder of SCDS, Prof. of Practice, MANUU.**

The event will begin with an official welcome and brief introduction by the event host, followed by opening remarks from the Head of the Fashion Design Department. The opening remarks will highlight the significance of the event, recognizing the students' accomplishments and the importance of fashion as a creative and technical field.

### 3. *Student Presentations:*

Each fashion design student will present their semester work, explaining their creative journey, inspirations, and technical processes. The presentations will include the following elements:

- **Introduction:** Brief introduction to the student, their design philosophy, and their artistic journey.
- **Design Concept & Inspiration:** An explanation of the theme or concept behind their collection, including how they researched and gathered inspiration.
- **Design Process:** Insight into their creative process, from initial sketches and mood boards to fabric selection and garment construction.
- **Collection Showcase:** Presentation of the final collection, highlighting key pieces and the design choices made for each.
- **Technical Skills & Innovations:** Discussion of any special techniques, fabric manipulation, or innovations used in the creation of the garments.
- **Reflection:** Students reflect on their learnings throughout the semester, any challenges faced, and how they have grown as designers..

#### 4. *Break & Networking Session:*

Guests will have the opportunity to mingle, enjoy refreshments, and engage in conversations with the students and other attendees. Visual displays, including photographs of completed garments, mood boards, and sketches, will be available for viewing.

## 5. *Panel Discussion: Fashion Insights*

**Panelists:** ZUBIN VAKIL

A panel discussion featuring experts in the fashion industry will provide valuable insights on the current trends, the future of fashion design, and advice for students aspiring to enter the professional world. The panel will also touch on topics such as sustainability, innovation, and the intersection of fashion and technology.

### **Event Highlights:**

- **Student Presentations:** Showcasing student collections, from inspiration to execution.
- **Panel Discussion:** Insights into industry trends, innovation, and career advice from fashion professionals.
- **Awards Ceremony:** Recognizing excellence in design and technical execution.
