of

**WORLD WATER DAY**

22<sup>nd</sup> March 2023

World Water day is celebrated on March 22 every year to spread awareness about the water crisis all over the world. World Water Day 2023 aims to achieve the vision of sustainable water and sanitation for all by 2030. On this occasion, CTE Bhopal aims to create awareness about the importance of freshwater amongst the students, parents and community members.

The prospective teachers narrated the importance of the day to the students in their respective schools and enlightened the students about the current water crisis, where 600 million people are living without a pure drinking water supply. The prospective teachers and students in the schools where they are doing their respective internships celebrated this day through speech-giving competitions, awareness rallies, as well as campaign and drawing competition on the topic of 'Saving Water'. The students and teachers participated in the competitions enthusiastically.
