REPORT OF
PLANTATION DRIVE

29th May 2023

Plantation report

On 29 May, 2023, the College of Teacher Education, Bhopal, held a plantation drive for its staff and students. The principal, Prof. Noushad Hussain, used the event as a means to emphasize the importance of such initiatives to the student-body, particularly focusing on the urgent need to cleanse one's environment of rising pollution.

The event went on from 29th May to 5th June, under the topic, "Life nudging behavioural changes into life action". The event served to raise awareness as well as a sense of sensitivity among its audience about the importance of maintaining their environment. The convener of the program, Dr Shabana Ashraf, as well as Dr Jaki Mumtaj, who was in-charge of overseeing the plantation-work, worked together to make the event run as smoothly as it did. This was further exemplified by the enthusiastic participation by the B.Ed. and M.Ed. students both.
