

TOTAL QUALITY MANAGEMENT IN TEACHER EDUCATION DEPARTMENT OF EDUCATION AND TRAINING, MANUU, HYDERABAD

INTRODUCTION

Success of any nation depends upon the success of its educational system. Teachers play a pivotal role in the success of our education system. School teachers play a significant role in preparing future citizens. Therefore, it is very important to revitalize teacher education system. Increase in the duration of teacher education programme if viewed as an opportunity may boost its quality.

Our experience in implementation of two years B.Ed. and M.Ed. programme since 2015 has taught us many lessons. We are still reflecting on the problems and prospects that have been emerging because of the said change and at this situation launching of 4-year integrated Teacher Education Programme, knocking on our door invites us to make ourselves ready to utilize effectively the upcoming opportunities. With this background, the department of Education and Training, Maulana Azad National Urdu University has decided to have a reflective national level seminar on 'TOTAL QUALITY MANAGEMENT IN TEACHER EDUCATION' with the involvement of stakeholders joining their minds and hearts with the experts in the field.

ABOUT THE SEMINAR

Education is an important instrument for social and economic development of the country. Education is the process of facilitating learning, acquisition of knowledge, skills, values, beliefs and habits. It gives us knowledge of the world around us and develops perspective of looking at life. It serves as a means of development of personality. It helps us to build opinions and have points of view on things in life. It completely changes our mind and personality and helps us to attain the positive attitude. The knowledge attained through education opens doors to a lot of opportunities for better prospects in career growth.

In all fields especially education quality has an important matter. Total quality management as a necessary element always has a direct influence on the human improvement. It can be also led to high commitment and spirit in work environment. However with the expansion of teacher

education institutes, the assurance of quality have been challenged which is the basic requirement in knowledge society. With due emergence of knowledge society, the need of quality assurance has further multiplied its intensity. The application of quality assurance in industrial sector helps us designing quality assurance strategies for teacher education. (i) Maintaining (ii) enhancing (iii) ownership (iv) checking quality. As a whole, quality assurance in teacher education may be ensured by studying its customer than assuring quality at every stage because all these parts are inter related.

In the above context, Department of Education & Training wants to promote debate, discussions and deliberations on **TOTAL QUALITY MANAGEMENT IN TEACHER EDUCATION** by organizing a two day National Seminar.

OBJECTIVES OF THE SEMINAR

1. To develop proper understanding in regard to value of teacher education in social reconstruction and national development
