Maulana Azad National Urdu University

Maulana Azad National Urdu University (MANUU) is a Central University established by an act of Parliament in 1998 to promote and develop the Urdu language and to impart vocational and technical Education in Urdu medium through conventional and distance modes. The Headquarter of the University is at an outstanding central location-Gachibowli, Hyderabad, sprawled over 200 acres. The students and staff of the University are drawn from throughout India. They are attracted by its commitment to excellence in quality Urdu education in all disciplines of knowledge.

MANUU CTE, Aurangabad

MANUU College of Teacher Education Aurangabad, under the School of Education & Training was established in the year 2014. The College of Teacher Education, Aurangabad being a constituent college of MANUU, its vision, mission and values are in coherence with the mandate of the University.

The Technology Revolution

The advent of 'The Technology Revolution' has taken the world by storm and has also given a new and much needed direction to the already existing teaching learning process. The pandemic has also forced the teachers who had been skeptical about using technology to get acquainted with the online teaching learning mode. The digital revolution has greatly influenced every aspect of the education system. Technology is transforming education. In order to take full advantage of these changes, capable leaders who create a shared vision of the future, harness E-technologies for learning, and support 21st century learning outcomes, need to be more aware now than ever.

There is a dire need to examine the technological innovation and integration, leadership styles, risk assessment and cost-benefit type analyses, re-design existing organisational frameworks, techniques for overcoming barriers to change and successfully implementing change and the types of technologies required for an e-integrated educational provision. This webinar aims to discuss these crucial elements for effective e-education, moving debates about ICT and higher education beyond a simple focus on e-learning.

Themes

- E-Learning Initiative in the Teaching Learning Process
- E-content for School Education
- Adaptation to New Technologies for Teaching
- Challenges in the Use of Smartphone and Mobile Applications
- Effectiveness of Virtual Learning and Online Classes
- Online Assessment of Learner's Academic Performance
- E-tutoring
- Necessity of Learning Management Systems in Higher Education
- New trends in Social and Digital Media
- Challenges and Utilization of Digital Libraries
- Open Resources and its Challenges
