

REPORT ON ONE DAY NATIONAL WEBINAR

Maulana Azad National Urdu University, College of Education Aurangabad had conducted a One Day National webinar on **E-Revolution & E-Evolution in Education** on **16th March 2021** on an online platform. As a Teacher's Training Institute, it is essential to organize a webinar on a topic that has a direct correlation with it.

The advent of 'The Technology Revolution' has taken the world by storm and has also given a new and much needed direction to the already existing teaching learning process. The pandemic has also forced the teachers who had been skeptical about using technology to get acquainted with the online teaching learning mode. The digital revolution has greatly influenced every aspect of the education system. Technology is greatly transforming education. In order to take full advantage of these changes, capable leaders who create a shared vision of the future, harness e-technologies for learning, and support 21st-century learning outcomes need to be more aware now than ever.

The growth of e-learning has been influenced by various factors, including costs, availability of a variety of instructional technologies, and the innate technological skills of the modern learner. The prevalence of e-learning leads to unique challenges, including dealing with various stakeholders, providing an effective product to learners, and establishing new paradigms on how to provide educational components. In a highly competitive educational marketplace, institutions need to react and embrace new technologies to provide rich and competitive learning environments for the students of tomorrow. This seminar aims to discuss these crucial elements for effective e-education, moving debates about ICT and higher education beyond a simple focus on e-learning

The key areas of discussions of this webinar were:- **E-Revolution & E-Evolution in Education** with reference to School Education, Higher Education, and Teacher Education.

The objectives of the webinar were as follows –

- To provide a platform to the budding researchers
- To explore the local and global scenario of E-education
- To explore possible ways and means of content pedagogy and technology integration in E-education
- To share innovations and best practices in the field of E-education
- To evolve a viable and contextualized model of E-education for the 21st century
- To enable teachers for utilizing advanced e-teaching and e-learning
- To enable students and teachers to use open resources
- To inculcate ethical values related to online teaching
- To enable teachers to e-assess student's performance

Invitation and Brochures were sent personally to resource persons and Brochures were also sent to various teachers groups on social media platforms like Whatsapp, Twitter, and Face book.

We invited persons who were having deep study and thorough knowledge about the educational technology, persons who had already expressed their opinions on this theme at various forums.

Prof. S. M. Rahmatullah, Vice Chancellor I/c, Maulana Azad National Urdu University, Hyderabad was the **President** of the programme. In the inaugural session he delivered a wonderful presidential address in his speech, he further gave us a very good insight on revolution and technology.

Prof Siddiqui Mohammed Mahmood, Registrar I/c & Dean School of Education & Training, Maulana Azad National Urdu University, Hyderabad was the Chief Guest of the programme.. During his speech, he gave valuable suggestions and remarks on the new challenges faced by the education system during this pandemic.

Prof. Dr. **Prof K Srinivas** Head, ICT & Project Manager NIEPA New Delhi, and **Prof. Indrani Bhaduri** Professor, & Head, National Achievement Survey Cell, NCERT, New Delhi was the Key Note Speaker on the topic.

The resource persons focused on the dynamics of preparing the Study Learning Material for Online Teaching and reliability of Online Educational Resources. All the sessions were quite interesting and very effective.

The National webinar was highly successful with about 1100 participants attending the webinar through various online platforms like streamyard, YouTube, Facebook, and Twitter. Everything was well managed due to the Cooperation of IMC.

The webinar started at 10.00 AM with Kalaam e pak, followed by welcome address by the convenor and Principal of the College.

The first session was conducted by the Keynote speakers Prof. K. Srinivas and Prof. Indrani Bhaduri. Their speeches were highly appreciated by the participants as they explained that there is a dire need to examine the technological innovation and integration, leadership styles, risk assessment, cost-benefit type analyses, re-design existing organisational frameworks, techniques for overcoming barriers to change, and successfully implementing change and the types of technologies required for an e-integrated educational provision.

After lunch, at 2.30 pm, the second session was commenced through the Google meet platform. Two links were provided by the coordinator for all the paper presenters. The presenters were from different states of India such as Punjab, Maharastra, Telangana, Hyderabad, Jharkhand etc. 20 participants had presented their papers. For convenience, these participants were divided into two groups.

In the first group, the technical session chairperson was Prof. Faiz, Principal MANUU CTE Darbhanga (Bihar) and for the second group, the technical session chairperson was Prof. Mushahid sir HOD and Principal. They were highly impressed by the quality of paper presenters, and gave valuable feedback on observing them with a keen interest. They highly appreciated the theme of the webinar, as it was very relevant to the current covid situation.

After the speeches were concluded, the feedback forms were collected online from the participants. The webinar was concluded with a vote of thanks.

For making the webinar successful, various committees were formed. Advisory Committee was formed in which Dr. Shaheen Parveen was the coordinator. Organising Committee was formed under the coordinator ship of Dr. Badrul Islam with three other supporting staff.

The webinar was a grand success, all the participants and guests were very happy with the hospitality, the quality of speakers, and the way their valuable time was invested. The participation count around the various online platforms crossed 1100, while more than 250

certificates were issued. There were a total of 17 paper presenters and a special certificate was given to them for their participation.

All the participants, guests, appreciated the zeal and the enthusiasm with which the faculty had arranged this Webinar.

We are incredibly thankful to the MAULANA AZAD NATIONAL URDU UNIVERISTY, HYDERABAD for extending their kind support in arranging this webinar.
