Objectives of the Workshop

The aim of the course is to improve the methodological and writing skills of the research scholars and develop their potential as future academicians/social science researchers. The main objective of the workshop is to provide the research scholars with a set of skills and potentiality to commence the research in the field of Social Sciences very effectively, so that the students can give the output of their research in the high-quality published work. The other important objective is to educate the participants on the use of statistical techniques in data analysis in the field of social sciences and to provide practical/hands on experience for their Ph.D. research work with introducing basic software knowledge for data Analysis

Brief Summary of Course Content

The course will be conducted in online mode. Some of the content of the ten days Capacity Building Program is:

- 01 Current Trends and Challenges in Social Sciences Research
- 02 Types of Research Design and Choice of Research Design
- 03 How to Identify Research Problem in Social Sciences Research
- 04 Hypothesis, Reliability and Validity in Social Science Research
- 05 Sampling and Scaling Techniques in Social Sciences Research
- 06 How to write an effective abstract and keyword formation
- 07 Using the right Statistical tools in Social Sciences Research
- 08 Advanced Quantitative Models for data Analysis
- 09 Mixed methods in Social Science Research
- 10 Writing an effective literature review
- 11 Available E-resources for Research in Social Sciences
- 12 Effective Writing for Researchers in the Social Sciences: A Beginner's Guide
- 13 Ethics in Social Science Research, etc.

Resource Persons

The resource persons from different parts of country representing the leading Institutions/Universities will deliver the expertise in the workshop.

Eligibility and Intake

Research Scholars in Social Science disciplines from the UGC recognized university / deemed university / colleges / institutes of national importance and ICSSR research institutes are eligible for the workshop. Preference will be given to the participants belonging to SC, ST, OBC, Women, and Persons with benchmark disabilities. The maximum intake for the Course shall be 50 seats. The short listing of the participants for the Course will be based on the stage / phase of their research work.

Candidate will be selected based on

- 1 the strength of their research proposal (500 words in English)
- 2 stage of research (pre-data collection / fieldwork phase) and
- 3 first time applicants for Research Methodology/similar workshops.

The aspects like representation of different Social Science Disciplines, Social Background, Gender, etc. shall also be taken into consideration while selecting the Candidates. Notification for selected candidates will be communicated through the registered email. Attendance for all the sessions is mandatory or otherwise the certificate shall not be issued.
