

PACE SETTING ACTIVITIES

The objective of MANUU Model School should be to emerge as a centre of educational excellence in the district, providing opportunities for development, not only to own students, but also to the children of neighbouring schools and madrasas through sharing of resources. Leadership qualities and other educational concerns that are linked to community and national developments are also supposed to be inculcated through pace-setting activities. "The aim of the pace-setting activities is to galvanize the academic, social, cultural and community-oriented environment of schools," in the vicinity. By virtue of having a highly qualified and competent team of teachers to function as a "focal point for improvement in the quality of school education in general, through sharing of experience and facilities". Interactions of staff and students of Model school with their counterparts in adjoining schools, participation in joint community efforts, and adoption of a village for awareness programmes and sharing of educational facilities are some of the pace-setting activities undertaken by MANUU Model School Nuh.
