Dear Sir/Madam,

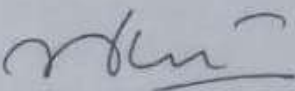

In order to bring Parliament closer to the people, Hon. Speaker has launched a Mobile App namely "DIGITAL SANSAD" which enables all the citizens to view Parliamentary Papers/Parliamentary Proceedings on their Mobiles. The App is compatible for both Android and IOS mobiles sets.

2. Since the Parliament has a huge repository of valuable and authentic data, an endeavor has been made to make this data accessible to the general masses through this App. Data related to Legislative Bills & Acts, Parliamentary Questions & Answers, Practice and procedure of the Parliament and Committee Report uploaded in the APP can be of great help to the officers in Government Departments to perform their work related to Parliament. The App also contains documents which have historical value.

3. For the promotion of this App amongst Government Departments, it would be highly appreciated if you would request all your officers to download the App and browse through the documents. The broad features of the App are enumerated in annexure.

With warm regards,

Yours sincerely,

(Prasenjit Singh)
