

APPEAL

TO ALL STUDENTS OF MANUU

A meeting of Vice Chancellor with concerned officials of the university was held in the morning of 22nd September 2024, to review the situation on the campus. It is to inform you all that, acting upon the representation of the students, MANUU administration has taken pro-active step and already formed a committee to look into the grievances of the students and resolve the issues at the earliest. Hence, University administration appeals to the students to maintain normalcy on the campus by attending classes as scheduled and pursue their research work, etc. for smooth sailing of the semester.

MANUU administration has observed that, a handful of students have been trying to disrupt the normal life of Campus (Head Quarters) in general and hostels in particular. It is also reported through student's community, that a few students are deliberately creating fake videos, photos and news with mala-fide intentions and circulating in Social media to malign reputation of the university and creating issues in the hostel and mess. It is decided by the University that such videos, photos, news will be referred to the Cybercrime police for further investigation and suitable action shall be taken in the interest of the University.

Further, if any disruption continues, University will be left with no other options but to switch over to the Online mode of teaching for the remaining duration of the ongoing Odd Semester-2024, all hostels will be closed and students will be asked to vacate the hostels.

Issued on 22nd September, 2024
