Abstract

Action Plan to Conduct CCE Activities in English

Teaching of English to our students is a challenging task due to various problems such as educational background of learners, level of motivation of learners, learning resources, lack of awareness about importance of English and learning context the list goes on.....CCE is the latest initiative of Education Department which is designed on the recommendations of National Curriculum Frame Work (NCF) 2005 RTE Act 2009. It is a learner centric approach wherein the role of teacher is of facilitator who facilitates initiates, supervises controls and guides the learning activity to develop skills amongst the learners. Now it is duty of the teacher to successfully implement the recommendations of NCF 2005 National Curriculum Frame Work. Based on his experience of conducting CCE in CBSE Schools and State Board Schools, the investigator provides possible steps to conduct the CCE Activities in English to ESL in an innovative way.

Key Words: CCE, NCF, ESL.

Introduction

Continuous Comprehensive Evaluation (CCE) helps in improving student's performance by identifying his/her learning difficulties at regular time intervals right from the beginning of the academic session and employing suitable remedial measures for enhancing their learning performance. Holistic education demands development of all aspects of individual's personality including cognitive, affective and psycho motor domains. It is unfortunate that not much attention and emphasis is given to the development of interests, hobbies and passion of learners. Focusing on excellence in academics alone undoubtedly results in lop-sided development of personality. It is thus essential that due importance be given to participation in co-curricular activities like music, dance, art, dramatics and other areas of one's interest to make life more fulfilling and enjoyable. Scheme of CCE is expected to help the child make informed choice of subjects in class XI based on his aptitude, interests, liking, and academic performance. With CCE aiming at all round development of the child's personality it is expected that a student will be able to take up competitive examinations in right earnest. It may be clearly understood that introduction of CCE does not mean less emphasis on academic attainment. Students will still be required to do well in studies. However due to acquisition of additional life skills, like thinking and emotional skills, they are expected to meet different life situation.
